
MINUTE 1 OF THE PANEL CONVENER

Convener's Conference

Redvale Landfill Expansion [FTAA-2608-1278]

8 October 2026

[1] Waste Management Limited seeks to authorise the expansion and extension of Redvale Landfill to provide additional capacity until Auckland Regional Landfill becomes operational.

[2] A conference will be held on **Tuesday, 10 November 2026 at 10am**. A MS Teams invite will shortly be sent.

[3] The purpose of this conference is to gather participant views on matters arising in relation to the application filed under the Fast-track Approvals Act 2024. Your views will inform two decisions that I must make as panel convener regarding:

(a) the appointment of panel members;¹

(b) the timing of the panel decision.²

Timeframe for a decision

[4] The Panel Convener decides the appropriate timeframe for release of the decision on the application. The Convener does so having had regard to the scale,

¹ FTAA, schedule 3

² FTAA, section 79

nature, and complexity of the approvals sought (among other matters).³ Complexity is in part a function of the issues that arise on this application.

[5] If the timeframe for a decision is not appropriate, this risks -

- (a) insufficient time being allowed, impacting the quality of the decision-making;
- (b) not adequately engaging with the wider requirements of public law leaving the decision susceptible to appeal or review; or
- (c) an overallocation of time which would not satisfy the procedural principles in section 10 of the Act.

The conference

[6] In deciding the timeframe for a decision, I will be assisted most by genuine engagement with the matters in issue rather than general or formulaic responses.

[7] At the conference participants are invited to:

- (a) comment on the extent of engagement by the applicant both before and following lodgement of the application;
- (b) the applicant aside, identify in-house experts and external consultants engaged on this project;
- (c) record processes agreed with the applicant to narrow or reduce any *issues* relevant to the application and the decision that the panel is required to make;
- (d) where there is a difference of opinion between the applicant and any other participant, identify the principal environmental effects at issue;
- (e) describe the *complexity* of this application;
- (f) state whether the drafting of proposed consent conditions (including any draft management plan filed) is accepted; and

³ FTAA, section 79.

- (g) propose efficient processes to enable the panel to understand, resolve or narrow the scope of any likely issues and indicate how these processes may be accounted for under the decision timeframe.

[8] It is anticipated that the local authority will obtain input from planning and technical advisors to identify the likely issues. However, an assessment of merits is not required at this stage. For information about cost recovery, please refer to the EPA's cost-recovery policy (details below).

Participants at the panel convener's conference

[9] Schedule 1 includes a list of persons⁴ invited to attend the conference.

[10] Schedule 2 is a draft timetable which participants are invited to complete having regard to the matters in paragraph [7]. I have partially populated Schedule 2 so the participants have an idea of what commencement date I am proposing.

Accessibility and recording of the panel convener's conference

[11] The conference will be held remotely, with access provided to participants. The conference will be recorded, and a copy of the recording will be made available on the fast-track website.

[12] The application documents can be viewed on the fast-track website [here](#).

Cost recovery

[13] Cost recovery for participation in fast-track processes is determined by the FTAA and the Fast-track Approvals (Cost Recovery) Regulations 2025.

[14] Costs for preparing and attending this conference are described in the

policy. For information on costs recovery, the link to the policy is found [here](#).

Directions

[15] I direct:

- (a) The participants are to file a written response to the matters set out in this Minute, including Schedules 1 and 2 (attached).
- (b) Written responses and confirmation of attendance are to be filed by **Tuesday, 3 November 2026 at 10am.**

Draft decision and conditions to Ministers (s 72)	XXX W/D (say)	

⁷ Note 1: a draft decision to decline is not included in this timeframe. If the statutory timeframe it is insufficient for applicant to respond, the applicant will need to apply to suspend the application under s 64 FTAA. Consideration should also be given to the timing of ss 70 and 72 steps.

⁸ Note 2: the order of ss 69, 70 and 72 steps may differ case-by-case. On a decision to approve, sequencing s 72 before s 70 is simplest, albeit requiring more time than running ss 72 and 70 steps in parallel.
