Dear David,

Thank you for your invitation to comment on this substantive application for Delmore [FTAA-2512-1164] under the Fast-track Approvals Act 2024.

I support Delmore receiving the approvals it requires subject to any conditions the Panel considers appropriate.

As well as providing housing in a fast-growing part of New Zealand, the project proposes building part of the NoR6 road. This road is part of the North Projects and is identified by Auckland Council as a future strategic transport corridor.

I have not considered the operational impacts of this project on local transport networks. However, I note that comments have been invited from NZTA and Auckland Transport, who are best placed to provide insights into operational transport impacts.

Yours sincerely,
