
MINUTE 20 THE EXPERT PANEL

Further Details Regarding Hearing
Sunfield [FTAA-2503-1039]
(8 December 2025)

1. The Expert Panel (Panel) wishes to clarify further matters in relation to the Hearing on this application which will be held on Wednesday 10th December and Wednesday 17th December 2025. The parties will have seen from the details contained in Minute 19 the matters that will be heard, the timing for each of these matters and an outline of the approach the panel will be taking in terms of evidence and questioning.
2. The Panel also wishes to record that a focus of some of the questions will relate to conditions that relate to the specific areas to be investigated at the hearing. The Panel therefore requests that all experts be familiar with the latest proposed conditions of consent proposed by the applicant and that each witness should have a copy of these with them to be able to refer to during questioning. The latest set of conditions can be found on the fast Track website here [A-Updated-Conditions-021225-Final.pdf](#)
